Law

8. Part 1 of the Local Government Act 2000 enables the Council to do anything that it considers likely to achieve the promotion or improvement of the social, environmental, or economic well being of its area.
9. Section 111 of the Local Government Act 1972 enables the Council to do anything that is calculated to facilitate, or is conducive to or incidental to, the discharge of its statutory functions.

Equality Impact

10. The awarding of capital grants to community and voluntary organizations, some of which represent minority groups, is specifically intended to assist in improving the well being, directly or indirectly, of all minority groups.
11. The awarding of capital grants also has the specific purpose of creating general benefits for the wider community and therefore fully meets the policy on Equality and Diversity of the Council
12. Many of the groups or communities helped by these capital grants will include beneficial help to children and young people. However, there has been no direct consultation with children and young people in developing these proposals

Recommendations

13. It is recommended that: -
 - The Area Committee considers the recommendations of the Capital Allocations Working Group given in Appendix 1 and approves them for implementation.
 - The Area Liaison Officer is authorised to carry out the recommended actions within the agreed control procedures.
