Hello May,

I apologise for the late reply, I have unfortunately suffered a family bereavement.

Having taken a look at his application and have a number of comments to make that I hope you will note.

1. The places on the application that this person wants to set up in are near to sites where other traders are already. I feel that to add another units could cause problems in the area.
2. There are a number of mobile traders already operating within the pedestrianised area of Halesowen. I have been informed by colleagues that there have been a number of complaints from members of the public, some of whom view them as being in the way.
3. One of the sites chosen is an access for emergency vehicles, this in turn presents its own set of problems.
4. Another location appears to be on or very close to, the licensed entertainment square. The type of proposed unit could cause further problems we have suffered problems with the cleaning of this area.

The site suggested near 'Iceland' would be a further problems as there is a food retailer in place already and the area is a very limited space.

Kindest regards

Stuart

Hello everyone,

Please see attached application for the grant of a street traders permit in respect of the above organisation. From looking at the plans this gent would like to trade in Halesowen.

Could I please have your comments within 14 days of this e-mail or as soon as possible.

Many Thanks

May Williams
