Date: 3rd December 2007

Each ward is listed separately. The first table shows the existing polling district, the number of electors as at 1st September 2007, the polling place, and whether there is level or suitable disabled access.

The initial proposals – and any necessary comments – are shown after each table.

The submissions are then shown, together with the comments of the Returning Officer.

The final proposals – and any comments – then follow.

Ward maps showing polling districts and the location of polling places are available for inspection during normal office hours at Electoral Services, Kudos House, 3 Ednam Road, Dudley, West Midlands, DY1 1HL.

Initial Proposals
No Change

Submissions		
Sender	Summary	Returning Officer's comments
Cllr Judy Foster, Ward Member for Brockmoor & Pensnett Ward, on behalf of all Ward Members for this Ward	In relation to Polling District J05, replace Unit 1, Wallows Industrial Estate with a mobile located more centrally in the polling district.	The existing arrangements are acceptable. The Disability Discrimination Act requires that all polling station premises must have proper access for the disabled. Mobiles pose major accessibility problems for the disabled and are also prone to vandalism and have problems with heating and other services. Another major disadvantage is one of cost. There is a considerable drain on the election budget in providing mobile units for just one day.

Final Proposed arrangements
No change

A10	366	Seminar Room, Construction Block, Mons Hill College, Wrens Hill Road, Dudley	Accessible

Initial Proposals
No change

Submissions		
Sender	Summary	Returning Officer's comments
Ian Austin MP Dudley North Constituency	The submission refers to the polling station for polling district A10, this was relocated prior to the local election in May 2007 since the former polling station was destroyed by fire. Moving a polling station for an elderly population up a hill seems to be a backward step in encouraging voter turnout. A polling station located on a road such as Linwood Road would be more accessible.	The existing arrangements are acceptable. The Disability Discrimination Act requires that all polling station premises must have proper access for the disabled. Mobiles pose major accessibility problems for the disabled and are also prone to vandalism and have problems with heating and other services. Another major disadvantage is one of cost. There is a considerable drain on the election budget in providing mobile units for just one day.
Cllr Ken Finch, ward member Castle & Priory Ward	Cllr Finch's submission contains 2 proposals: 1. The first point refers to Polling District A02 and requests the relocation of the polling place to Forest Road. 2. The second point refers again to polling district A10 stating that access to the polling station is difficult due to the building being located on a hill requests the relocation of the polling place to Mayfield Road.	1. It is noted that major redevelopment is taking place within this polling district however the polling place is not due for demolition until December 2008, the location will be reviewed again at that time. 2. As above

Final Proposed arrangements
No change

U06	1972	The Community Centre, Wassell Road, Wollescote, Stourbridge	Accessible
U07	265	Tanhouse Estate Office, Chaucer House, Severn Road, Halesowen	Accessible

Initial Proposals
Polling Districts U04 and U07, Polling Place = Tanhouse Estate Office following receipt of submissions officers from Electoral Services have visited the polling district and find that a suitable alternative would be Providence Methodist Church, Colley Gate

Submissions		
Sender	Summary	Returning Officer's comments
Linda Waltho MP Stourbridge Constituency	Previously the polling place was located at Providence Methodist Church, more central to the polling district, constituents have complained about the journey to Chaucer House. A return to the church would be in the interests of the whole community.	The revised arrangements would be acceptable as well as satisfying the submissions received.
Cllr Timothy Crumpton, Ward Member for Cradley & Foxcote Ward, on behalf of all Ward Members	The polling place was located at Providence Methodist Church prior to the previous review in 2003/2004. Providence is more central to the polling district, complaints received from electors re journey to Tanhouse Estate Office.	

Comments Received following consultation on initial proposals		
Sender	Summary	Returning Officer's comments
Cllr Timothy Crumpton, Ward Member for Cradley & Foxcote Ward on behalf of all Ward Members	That the polling place for polling district U04 should remain as Tanhouse Estate Office, and that the proposed location at Providence Methodist Church should be allocated as the polling place for polling district U07.	If adopted these proposals could lead to confusion to the electorate of U04, given the fact that many would have to walk or drive past the polling place at Providence Methodist Church in order to gain access to Tanhouse Estate Office.

Final Proposed arrangements
To change the polling place for polling districts U04 and U07 from Tanhouse Estate Office to Providence Methodist Church, Colley Gate.

Cllr Harold Jackson, Ward Member for Halesowen South	Submission refers to Polling District R05 and suggests the relocation of the polling place to a mobile unit within an appropriate point of the Abbeyfields Estate	The existing arrangements are acceptable. The Disability Discrimination Act requires that all polling station premises must have proper access for the disabled. Mobiles pose major accessibility problems for the disabled and are also prone to vandalism and have problems with heating and other services. Another major disadvantage is one of cost. There is a considerable drain on the election budget in providing mobile units for just one day.

Linda Waltho MP, Stourbridge Constituency	The submissions concerns the polling place for polling district Y07 and suggests an alternative venue of St Thomas's Church Hall, Market Street, Stourbridge	Officers from Electoral Services have visited both the existing polling place and the proposed alternative. It is found that the alternative suggestion would not be beneficial to the majority of the electorate within this polling district, given the fact that may would have to transverse the main Stourbridge ring road in order to gain access to the suggested location.
