- 3.2 Within the directorate, high priority is given to ensuring all employment practices, procurement activity, use of technology and service delivery comply with equality and diversity policies and current legislation. This includes liaising with senior management and divisional heads, providing advice and direction, monitoring progress and preparing regular progress reports.

The outcome of this meeting is an action plan for the individual to address any needs.

- 5.7 Employees receive specific training in equality issues as appropriate to their role. Courses undertaken during the year included updates on the Equality Act; briefings on Equal pay; refresher training on recruiting people legally as well as Equality and Diversity awareness (general and disability–related). - 5.8 In response to the economic situation and the Government's budget settlement for 2011/12 and beyond, the Council has been required to make an unprecedented level of savings. Whilst efforts are being made to minimise the numbers of compulsory redundancies, the HR and Organisational Development Division of the directorate has developed the Facing the Future programme, a package of learning and development activities designed to support staff and managers facing significant change and / or redundancy.
- 5.9 Both the Directorates of Finance, ICT and Procurement and Law, Property and HR were due to have undergone an Investors in People review in 2009, however this was delayed pending the implementation of the Directorate of Corporate Resources. A review is now planned for later in 2011.
