Vision 2025 - A Strategic Plan for Learning Visions Statement

Our Commitment is to transform the lives of all children and young people in Dudley by providing a world class education.

Over the last few years, Dudley Schools have achieved significant improvements; we now need a step change if we are to fulfil our ambitions of achieving outstanding outcomes for all.

The Borough's Strategic Plan sets out our thinking about how we will aspire to meet our Children's Services motto 'Putting children and young people first in Dudley, and our Children's Trust vision, 'we want all children and young people in Dudley to be happy, healthy and fulfilled'.

Putting learners and learning at the heart of our thinking and planning we intend that by 2025 all learners in Dudley Borough will be:

Ambitious, confident and committed to learning

This is the route to high achievement in an ever changing world

To achieve this, the Borough will provide inspirational learning environments where:

- Young people value and respect themselves and others, whilst contributing positively to the local, national and global community;
- where young people successfully build on their individual skills and talents, enabling them all to reach their full potential and to enjoy their learning;
- young people are equipped to use emerging technologies creatively to enhance their learning;
- young people are supported to make healthy and safe life choices;
- young people and their families are supported to access excellent locally provided extended services which support their personal development.
