

CENTRAL DUDLEY AREA COMMITTEE - 08 JUNE 2010

REPORT OF THE AREA LIAISON OFFICER

CAPITAL ALLOCATIONS

Purpose of Report

1. To consider proposals for the allocation of expenditure from the delegated capital budget for the financial year 2010/ 2011.

Background

2. At the Area Committee meeting of 13 June 2006, an updated process for the award of capital grants to community organisation was agreed. A copy of this process is included as **Appendix 1**.
3. At the Area Committee meeting of 3 October 2000, a criteria was agreed for the award of capital grants. A copy of the criteria is included as **Appendix 2**.
4. At the Area Committee meeting of 1 October 2001, an accounts criteria applicable to new organisation was agreed. A copy of the criteria is included as **Appendix 3**.
5. At the Area Committee meeting of 3 October 2000, a Capital Allocations Working Group was set up to consider the applications in detail and thereby make recommendations to the Area Committee. That practice has continued each year since then.
6. At the Area Committee meeting of 6 July 2000, it was agreed that the total annual sum available, £50,000, would be split equally between the five Wards.
7. At the Area Committee meeting of 24 January 2006, it was agreed that there would be no formal maximum applied to grant awards. Each Ward can recommend any discretionary amount, as long as they have the necessary funds. The guideline maximum of £2,000 per organization need only be used when there is a shortage of funds within a particular Ward.

Finance

8. For the financial year, 2009/2010, a total of 22 applications were considered and 19 community organisations benefited from capital grants totalling £51,689.94 taken from a starting total of £83,404.63.
9. The sum of £50,000.00 plus a carry-forward amount of £18,981.07, which includes savings at this date, gives a total of £68,981.07 that is available for any capital allocations that the Area Committee may wish to approve before 31 March 2011.
10. Therefore each Ward has £10,000.00 to allocate plus their individual carry-forward amounts, which added together are as follows:

Castle & Priory	£12,743.84
Netherton, Woodside & St Andrew's.	£14,048.98
Quarry Bank & Dudley Wood	£18,402.25
St James's	£13,366.92
St Thomas's.....	£10,419.08

11. These figures include individual reconciliations, where applicable, between the grant awarded and the actual expenditure, if the expenditure is a lesser amount. These savings have been put back into the appropriate Ward budget. They also include any arithmetical reconciliation at financial year end.

These figures also include any adjustments for grant awards made in 2009/10 which have since been declined or withdrawn.

Law

12. Part 1 of the Local Government Act 2000 enables the Council to do anything that it considers likely to achieve the promotion or improvement of the social, environmental, or economic well being of its area.
13. Section 111 of the Local Government Act 1972 enables the Council to do anything that is calculated to facilitate, or is conducive to or incidental to, the discharge of its statutory functions.

Equality Impact

14. The awarding of capital grants to community organisation has the specific purpose of creating general benefits for the wider community.
15. Many of these organisation represent groups within the community who have special needs e.g. ethnic minorities, older people, young people and disabled people, so any capital award will also help these groups and ensure that the equality impact is maximised.
16. Children and young people are often the direct beneficiaries of these capital grant awards, but there has been no specific consultation with them and they were not involved in developing the proposals.

Recommendation

It is recommended that: -

- The Area Committee approves the capital allocation process for implementation in 2010/2011.
- The Area Liaison Officer be authorised to carry out the recommended actions.
