

# Quarterly Corporate Performance Management Report

**Quarter Four  
(January to March 2006)**

# Section 1

## Introduction

This is the final Quarterly Corporate Performance Management Report of 2005/06 highlighting performance for the period January to March 2006.

Following consideration by Corporate Board, the Cabinet Performance Management Sub-Group and Cabinet, the report is made available to the public via the internet.

The main body of the report focuses on the six key themes contained in the Council Plan and a series of Key Performance Indicators identified for each are reported in **Section 2**. Section 2 also includes a summary of the Directorate performance reporting which is provided in more detail in **Section 7**. *Dudley Council Plus* Management Information is incorporated into Chief Executive's Directorate reporting.

**Section 3** provides a spotlight on the LPSA.

**Section 4** provides a spotlight on Value Added.

**Section 5** gives a progress report on the Council's Partnership working.

**Section 6** provides an overview of current Monitored and High Net Risks across the Authority aligned to Council Plan themes and showing links to significant performance indicators where appropriate.

We are continually seeking to improve the Quarterly Corporate Performance Management Report and welcome comments on additional information that you would like to see included in the future.

## Section 2

# Key Performance Indicators 2005/06

In order to provide a strategic focus to corporate performance management, from the 250+ Best Value Performance Indicators and the many Local Performance Indicators collected by the Authority, Directorates in liaison with the Corporate Policy Team have identified a set of Key Performance Indicators. These indicators have been selected to reflect a variety of factors, including delivery of Council Plan Objectives, Directorate Strategic Objectives, statutory performance frameworks such as the Performance Assessment Framework, Every Child Matters and the Local Public Service Agreement (LPSA). The basket of Key Performance Indicators reported corporately is reviewed annually to reflect changing priorities within the Council.

The Key Performance Indicators are reported to Corporate Board, the Cabinet Performance Management Sub-Group and Cabinet on a quarterly basis. These indicators represent important measures for the Authority in respect of the services and standards provided to the public and our aim is to ensure that the targets set are either fully met or achieved within an agreed tolerance by the end of the year, enabling us to demonstrate our commitment to continually improve upon our performance and to maintain excellence where optimum levels of performance have already been achieved.

Dudley's performance against this set of Key Performance indicators is provided in the section overleaf. Traffic light status indicators denote performance as follows:-

- ★ Performance is better than target limits (within agreed tolerance, generally where target is exceeded by more than 10% or, in the case of Social Services Performance Assessment Framework Indicators, where current performance has a 4 or 5 Blob rating)
- Performance is within target limits (generally +/-10% of target)
- ▲ Performance is worse than target limits (generally more than 10% away from target)

The report uses the following symbols to indicate the direction of change in performance since the previous quarter:-

- ↗ Performance against target is better than in Quarter 3
- Performance against target is consistent with Quarter 3
- ↘ Performance against target is worse than in Quarter 3

In addition, Audit Commission All England **top** and **bottom** quartile data for 2004/05 is provided for comparator purposes. An authority's quartile position for an indicator is determined by listing the values for that indicator for all other authorities in the comparator group (in this case All England) ranked by order of performance. The list is then divided into 4 parts, with an equal number of indicators in each part.

# Summary of Key Performance Indicators in 2005/06

Of the 63 key performance indicators reported in quarter 4, 55 (87%) are on or above target at the year end.

## **Caring Matters**

Of the 10 PIs reported in quarter 4, 7 are showing year end performance on or above target, with 3 underperforming.

### *Areas for Concern*

**BV 163** – the PI has highlighted underperformance in the number of children adopted throughout the reporting year. There is an Improvement Plan in place for 2006/07 which is being closely monitored by senior management and the Cabinet Performance Management Sub Group.

## **Learning Matters**

Of the 9 PIs reported in quarter 4, 6 are showing year end performance on or above target, with 3 underperforming.

### *Performance Highlights*

**BV 043a and BV 043b** – targets have been exceeded for the percentage of statements of special educational need issued by the authority within 18 weeks.

### *Areas for Concern*

**DELL A&I 027** – the PI has highlighted continued under-performance throughout the reporting year in the percentage of looked after children having current Personal Education Plans. There has been a steady improvement since quarter 2, however, as a result of the Improvement Plan in place which is being closely monitored by senior management and the Cabinet Performance Management Sub Group.

## **Safety Matters**

Of the 9 PIs reported in quarter 4, all are showing year end performance on or above target.

### *Performance Highlights*

**BV 162** – 100% of child protection cases which should have been reviewed were reviewed during 2005/06.

## **Spotlight on LPSA**

### **Background**

Local Public Service Agreements (LPSAs) were developed for initial pilots in 2000 from complementary ideas in the Local Government Association and Government as a way of developing a more mature relationship between the two.

First round Local PSAs were three-year agreements, signed by Ministers and local authorities which were encouraged to work with partner agencies in the delivery of at least some of the targets. Negotiations between individual councils and central government led to agreement on around a dozen 'stretched' targets. These more demanding targets were rewarded by funding, pump priming money at the start and the potential for performance reward grant at the end of the agreement. To support target delivery, there was also the potential to negotiate freedoms and flexibilities from statutory requirements or regulations.

Each target may have had a number of performance indicators attached to it with an agreed proportion of the reward for that target attached to each indicator.

Dudley Council entered into LPSA round 1 with an agreement which ran from 1<sup>st</sup> April 2003 until 31<sup>st</sup> March 2006.

There is a set formula for calculating pump priming and reward grant, which in Dudley's case resulted in £1,055,082 pump priming grant and up to £7,073,725 reward grant.

The 'stretched' targets referred to above are targets which would not be achievable without the LPSA agreement. Reward grant is based on achievement of at least 60% of the difference between expected performance without the LPSA and the LPSA 'stretched' target. Once the threshold of 60% achievement is reached, reward grant increases pro rata up to a maximum of 100%. Each of the 12 targets of the agreement is assessed individually for achievement and, therefore, reward grant.

Like many Local Authorities, Dudley MBC finalised negotiations a long time after the start date of the agreement. This led to some difficulties in working towards what were, for a period, unknown targets. However, in some instances, it also allowed for very detailed and informed negotiations from which the Council benefited.

### **Monitoring and Reporting**

Two groups met specifically with regard to the LPSA, the Project Officer Group and the Steering Group.

The Project Officer Group met every two months and involved officers leading on individual targets who reported their progress in order to produce an overall summary.

The overall summaries of performance referred to above were considered at LPSA Steering Group meetings, they also formed part of the Council's quarterly report to Corporate Board, the Executive and, through the Council website, the public.

The Steering Group was a sub-group of Dudley Community Partnership which met quarterly to oversee general progress within the agreement, particularly ensuring effective partnership working on individual schemes and the ability to support one another.

In addition to the reporting mentioned above, individual projects were also reported to the appropriate thematic group of Dudley Community Partnership e.g. burglary reduction to the Crime & Disorder Reduction Partnership.

A full version of our first LPSA and the quarterly reports referred to above are accessible through 'Performance Matters in Dudley' on the Council's web site at [www.dudley.gov.uk](http://www.dudley.gov.uk)

The commencement of LPSA 2 has been put back to April 2007 to coincide with the Local Area Agreement and, because of the LAA, round 2 will be quite different to round 1.

## **Spotlight on Value Added**

### **What do we mean by Value Added?**

The DFES currently publish Value Added Measures for Key Stage 1 to Key Stage 2, Key Stage 2 to Key Stage 3, Key Stage 3 to Key Stage 4 and Key Stage 2 to Key Stage 4 for every school and local authority in England.

Value Added Measures are intended to give a better and fairer measure of school and local authority effectiveness than raw results alone. Value Added allows meaningful comparisons to be made between schools and local authorities with different pupil intakes.

In order to calculate Dudley's Value Added Measure for a particular Key Stage, individual pupil Value Added scores for that Key Stage are averaged and presented as a number based around 100 (or 1000 in the case of Key Stage 4 Value Added Measures). The number is based around 100 to avoid the publication of negative scores which might be misinterpreted as meaning negative progress. Value Added Measures above 100 (or 1000 at Key Stage 4) represent local authorities where pupils on average made more progress than similar pupils nationally, while measures below 100 (or 1000 at Key Stage 4) represent local authorities where pupils made less progress.

### **Background to this report**

Following is a comparison of Dudley's Value Added Measures for 2005 with its statistical and local neighbours.

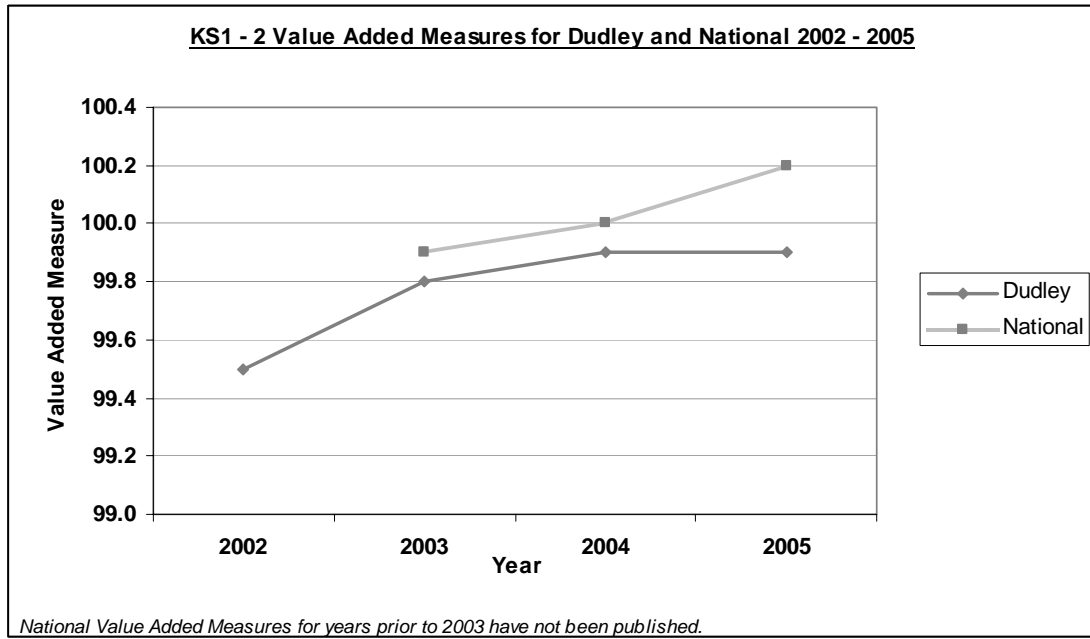

Statistical neighbours have been developed by OFSTED to enable comparisons of the performance of local education authorities on a 'like' for 'like' basis to sit alongside comparisons in relation to national averages. Statistical neighbours are, for a particular LEA, the other LEAs in the country with the most similar values of a given set of variables that describe LEA contexts. The variables, based on Census of Population data for 1991, include indicators of Income, Wealth & Employment, Overcrowding, Mobility, Ethnicity, Geographical Characteristics, and also local authority Size. Research evidence has linked these contextual variables to educational outcomes.

Dudley has 10 statistical neighbours these are: Bexley, Bolton, Bury, Enfield, Havering, North Tyneside, Stockton on Tees, Stoke on Trent, Tameside, and Wigan.

The local neighbours used in this report for comparison are the LEAs adjacent to Dudley that belong to the Black Country School Improvement Partnership (BCSIP), these are: Sandwell, Walsall and Wolverhampton.

## Key Stage 1 to Key Stage 2 Value Added 2005

The Chart below shows Key Stage 1 to Key Stage 2 Value Added Measures for Dudley for 2002, 2003, 2004 and 2005. Also shown are the National Key Stage 1 to Key Stage 2 Value Added Measures for those years in which they have been published.

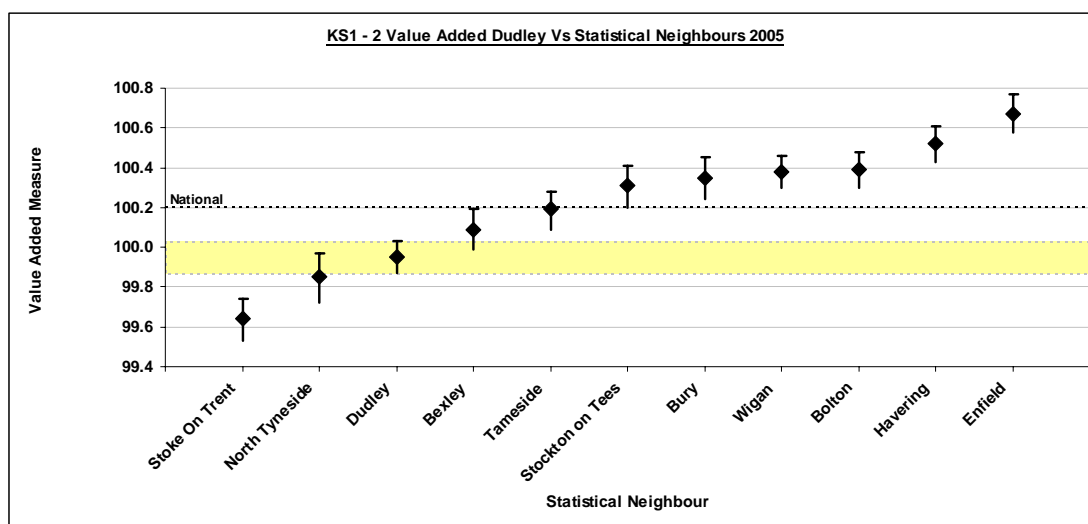

- The Key Stage1 – 2 Value Added measure for Dudley improved each year between 2002 and 2004. In 2005 the Key Stage 1 – 2 Value Added Measure was the same as that achieved in 2004.
- The Key Stage 1 – 2 Value Added Measure for Dudley has always been below the national measure in the 3 years that this figure has been published for comparison.

## Key Stage 1 to Key Stage 2 Value Added 2005: Dudley compared to Statistical Neighbours

The following Chart shows Key Stage 1 to Key Stage 2 Value Added Measures for 2005 for Dudley and each of its statistical neighbours. This Chart and the explanation which follows it will serve as a guide on how to interpret the other comparison charts in this report.

- Dudley is ranked 9<sup>th</sup> out of the 11 LEAs in the statistical neighbours comparison for Key Stage 1 – 2 Value Added in 2005.

*Confidence intervals (the bars above and below each point) are presented with each Value Added Measure to indicate the range within which we can be statistically confident the 'true' Value Added Measure lies, i.e. because the Value Added Measures are based on a given set of pupils' results for a particular test paper on a particular day care must be taken when using Value Added as a measure of an LEA's effectiveness. The confidence bars show the range in which we can be 'confident' the LEAs performance lies even when variations in how pupils perform on the day of the tests are taken into account. On the chart Dudley's confidence limits are highlighted by the yellow band which spans the chart. Where the confidence bands of other LEAs overlap this yellow band we can say that these LEAs have Value Added Measures which are not statistically different from Dudley's.*

- Dudley's Key Stage 1 – 2 Value Added Measure is not statistically different from that of Bexley LEA (ranked 8<sup>th</sup>) or that of North Tyneside LEA (ranked 10<sup>th</sup>). (As shown by overlapping confidence limits).

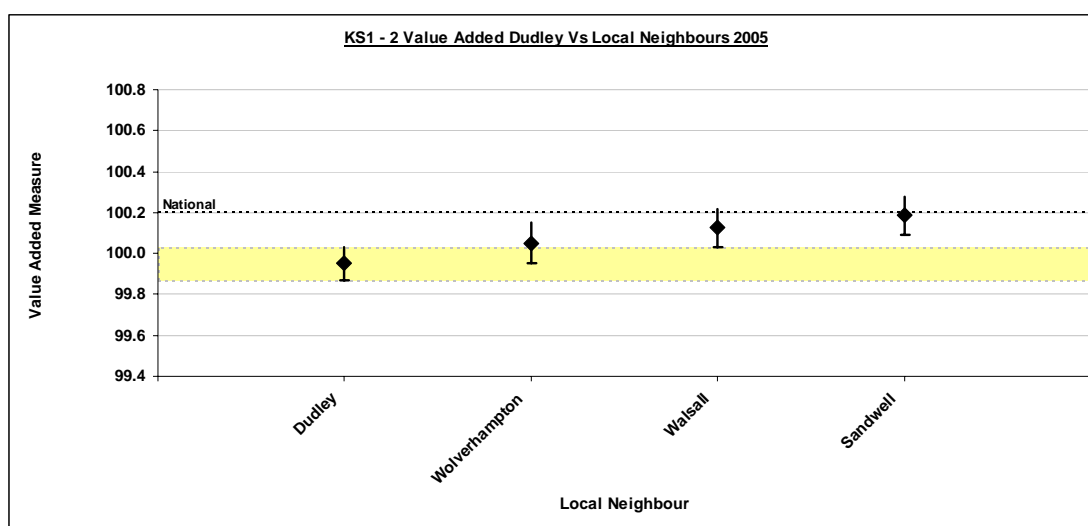

*Where the upper limit of the confidence interval of another LEA lies below the yellow band we can say that this LEA has a Value Added Measure which is statistically lower than Dudley's.*

- Dudley's Key Stage 1 – 2 Value Added Measure is statistically better than that of Stoke-on-Trent LEA (ranked 11<sup>th</sup>).

Where the lower limit of the confidence interval of another LEA lies above the yellow band we can say that this LEA has a value added measure which is statistically better than Dudley's.

- The remaining 7 Statistical Neighbours all have Key Stage 1 – 2 Value Added Measures which are statistically better than Dudley's.
- In 2005 Dudley's Key Stage 1 – 2 Value Added Measure was statistically below the National Measure.

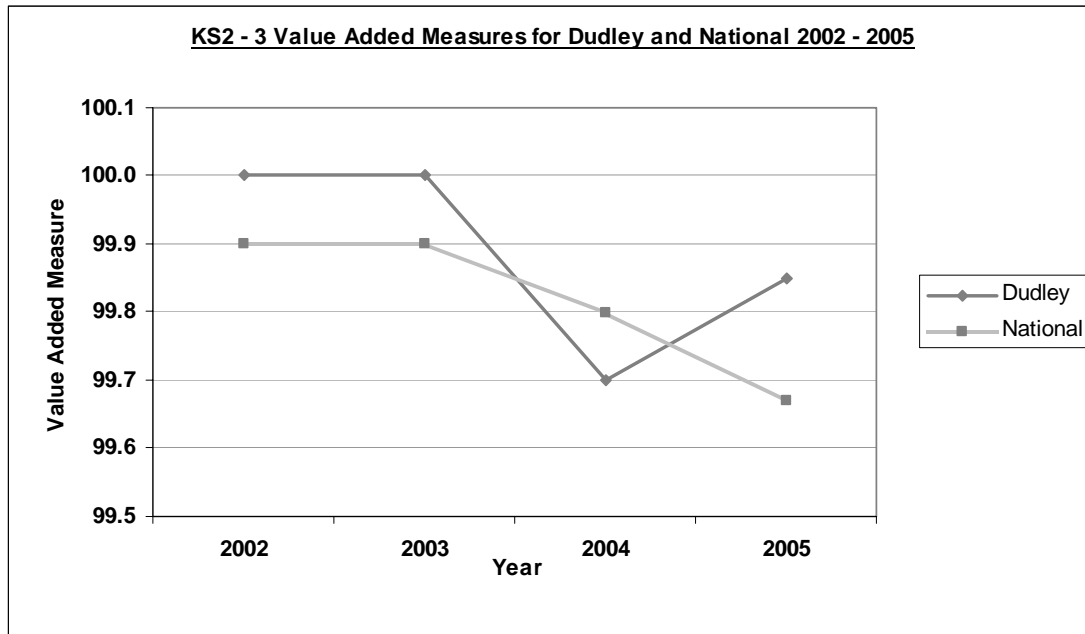

### Key Stage 1 to Key Stage 2 Value Added 2005: Dudley compared to Local Neighbours

- Dudley is ranked 4<sup>th</sup> out of 4 Black Country LEAs for Key Stage 1 – 2 Value Added in 2005.
- However, Dudley's Key Stage 1 – 2 Value Added Measure is not statistically different from that of Wolverhampton LEA (ranked 3rd) or that of Walsall LEA (ranked 2nd). (As shown by overlapping confidence limits).
- Sandwell's Key Stage 1 – 2 Value Added Measure was statistically better than Dudley's in 2005.

## Key Stage 2 to Key Stage 3 Value Added 2005

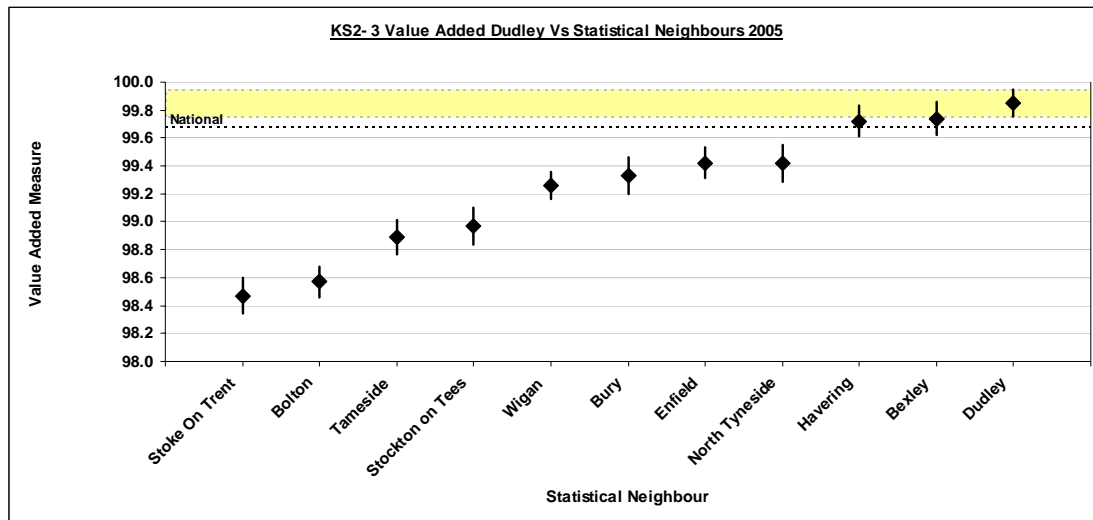

The following Chart shows Key Stage 2 to Key Stage 3 Value Added Measures for Dudley and National for 2002, 2003, 2004 and 2005.

- The Key Stage 2 – 3 Value Added Measure for Dudley was above the National Value Added Measure in 2002 and 2003.
- In 2004 Dudley's Key Stage 2 - 3 Value Added Measure fell, following a decrease in Key Stage 2 - 3 Value Added scores Nationally, to a figure below the National Value Added Measure.
- In 2005 Dudley's Key Stage 2 – 3 Value Added Measure improved rising above the National Measure.

## Key Stage 2 to Key Stage 3 Value Added 2005: Dudley compared to Statistical Neighbours

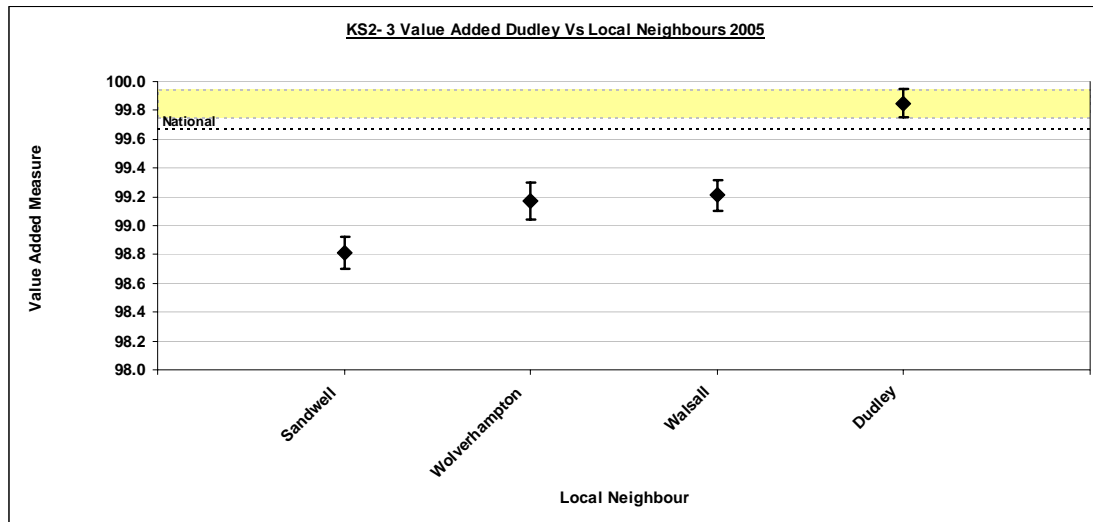

The Chart below shows Key Stage 2 to Key Stage 3 Value Added Measures for 2005 for Dudley and each of its statistical neighbours.

- Dudley is ranked 1<sup>st</sup> out of the 11 LEAs in the statistical neighbours comparison for Key Stage 2 – 3 Value Added in 2005.
- Dudley's Key Stage 2 – 3 Value Added Measure is statistically better than all of its statistical neighbours apart from Bexley LEA and Havering LEA.
- Bexley LEA (ranked 2<sup>nd</sup>) and Havering LEA (ranked 3<sup>rd</sup>) have Key Stage 2 – 3 Value Added Measures which are not statistically different from Dudley's.
- In 2005 Dudley's Key Stage 2 – 3 Value Added Measure was statistically above the National measure.

## Key Stage 2 to Key Stage 3 Value Added 2005: Dudley compared to Local Neighbours

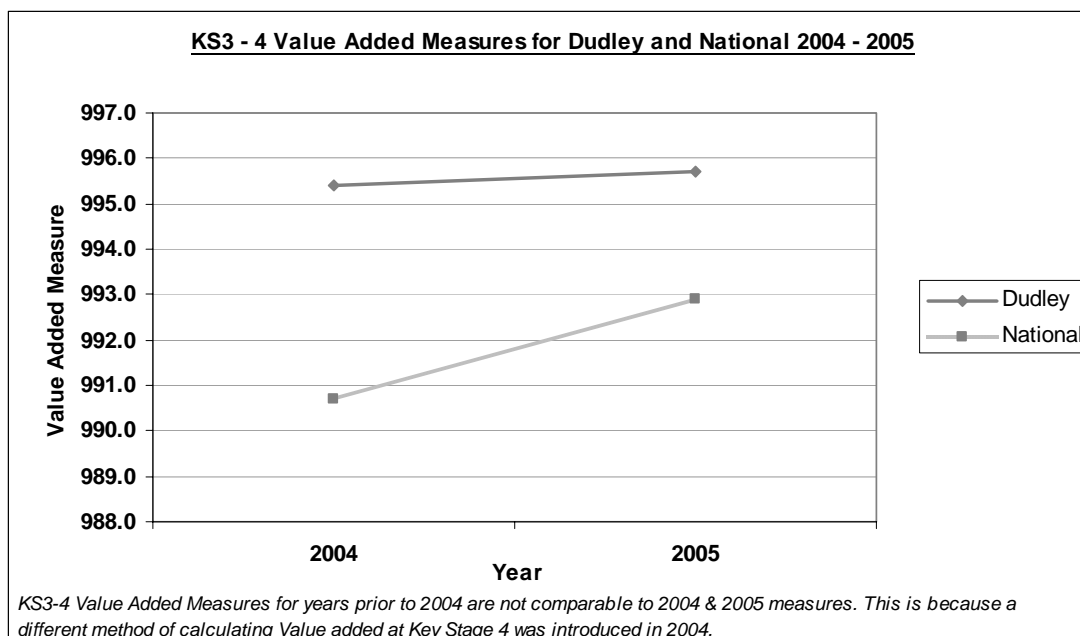

The Chart below shows Key Stage 2 to Key Stage 3 Value Added Measures for 2005 for Dudley and each of its local neighbours.

- Dudley is ranked 1<sup>st</sup> out of 4 Black Country LEAs for Key Stage 2 – 3 Value Added in 2005.
- Dudley's Key Stage 2 – 3 Value Added Measure 2005 was statistically better than that of all of its Black Country neighbours.

## Key Stage 3 to Key Stage 4 Value Added 2005

The Chart below shows Key Stage 3 to Key Stage 4 Value Added Measures for Dudley and National for 2004 and 2005. Key Stage 3 - 4 Value Added Measures for years prior to 2004 are not comparable to 2004 and 2005 measures. This is because a different method of calculating Value Added at Key Stage 4 was introduced in 2004.

- In 2005 the Key Stage 3 – 4 Value Added Measure was better than that achieved in 2004.
- The Key Stage 3 – 4 Value Added Measure for Dudley was above the national measure in 2004 and 2005.

## Key Stage 3 to Key Stage 4 Value Added 2005: Dudley compared to Statistical Neighbours.

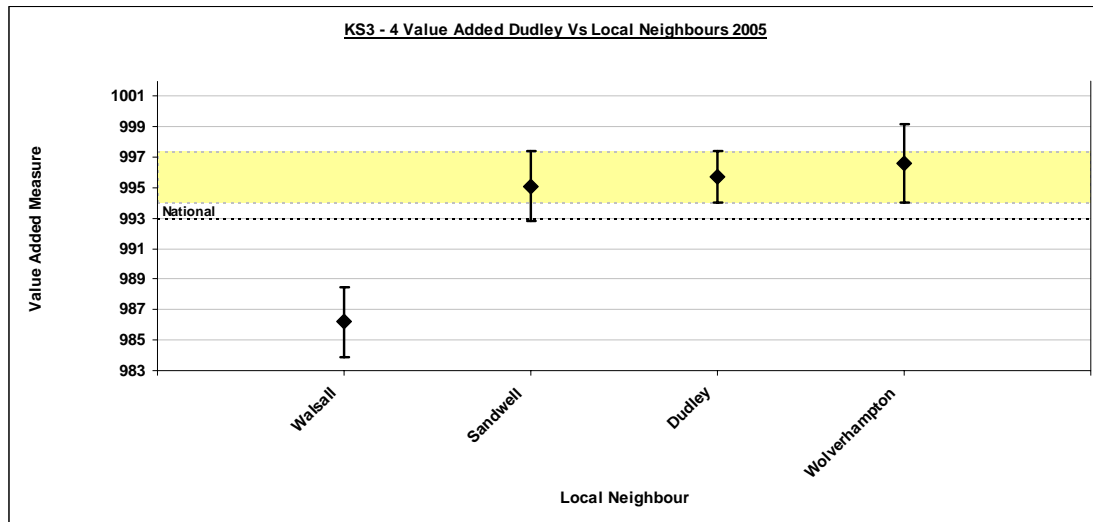

The following Chart shows Key Stage 3 to Key Stage 4 Value Added Measures for 2005 for Dudley and each of its statistical neighbours.

- Dudley is ranked 5<sup>th</sup> out of the 11 LEAs in the statistical neighbours comparison for Key Stage 3 – 4 Value Added in 2005.
- Dudley's Key Stage 3 – 4 Value Added Measure is statistically better than that of Stoke-on-Trent LEA (ranked 10<sup>th</sup>) and Bolton LEA (ranked 11<sup>th</sup>).
- The remaining Statistical Neighbours (except Havering) all have Key Stage 3 – 4 Value Added Measures which are not statistically different from Dudley's.
- In 2005 Dudley's Key Stage 3 – 4 Value Added Measure was statistically above the National measure.

## Key Stage 3 to Key Stage 4 Value Added 2005: Dudley compared to Local Neighbours

The Chart below shows Key Stage 3 to Key Stage 4 Value Added Measures for 2005 for Dudley and each of its local neighbours.

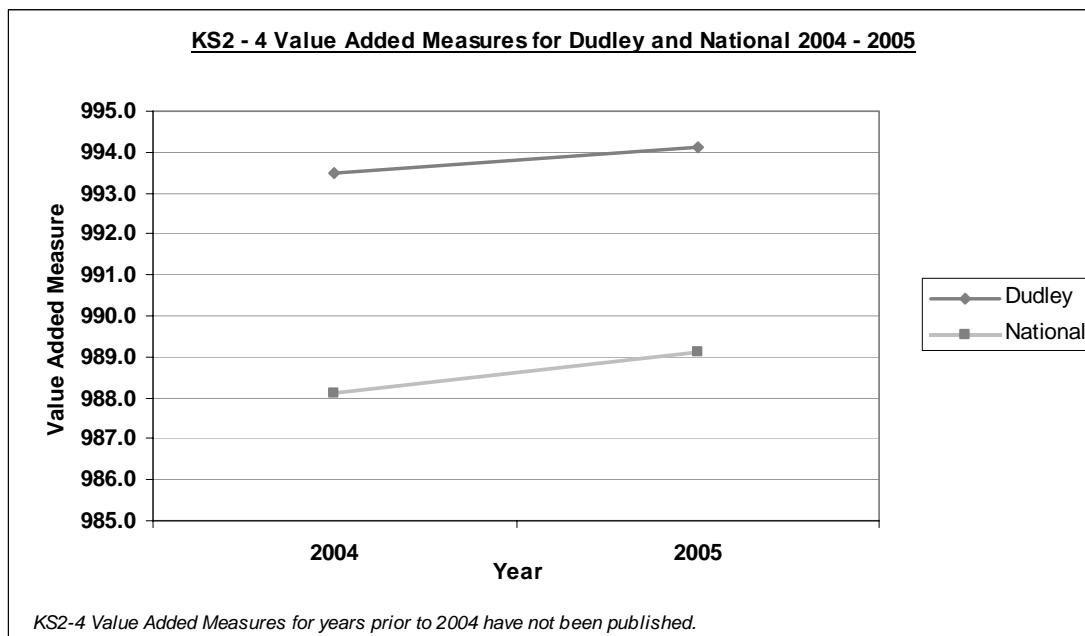

- Dudley is ranked 2<sup>nd</sup> out of 4 Black Country LEAs for Key Stage 3 – 4 Value Added in 2005.
- However, Dudley's Key Stage 3 – 4 Value Added Measure is not statistically different from that of Wolverhampton LEA (ranked 1<sup>st</sup>) or that of Sandwell LEA (ranked 3<sup>rd</sup>). (As shown by overlapping confidence limits).
- Dudley's Key Stage 3 – 4 Value Added Measure was statistically better than Walsall's in 2005.

## Key Stage 2 to Key Stage 4 Value Added 2005

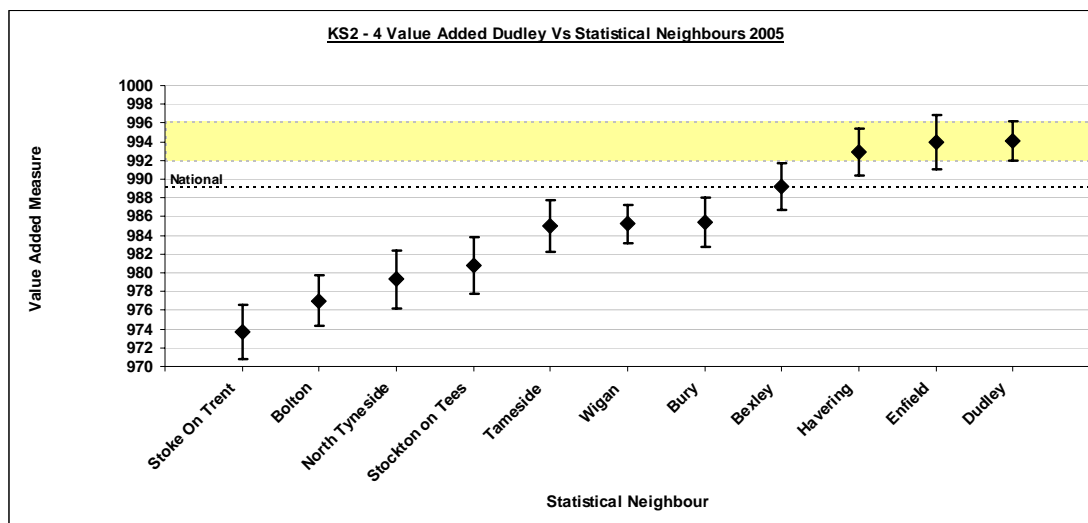

The Chart below shows Key Stage 2 to Key Stage 4 Value Added Measures for Dudley and National for 2004 and 2005. Key Stage 2 - 4 Value Added Measures for years prior to 2004 have not been published.

- In 2005 the Key Stage 2 – 4 Value Added Measure was better than that achieved in 2004.
- The Key Stage 2 – 4 Value Added Measure for Dudley was above the National Measure in 2004 and 2005.

## Key Stage 2 to Key Stage 4 Value Added 2005: Dudley compared to Statistical Neighbours

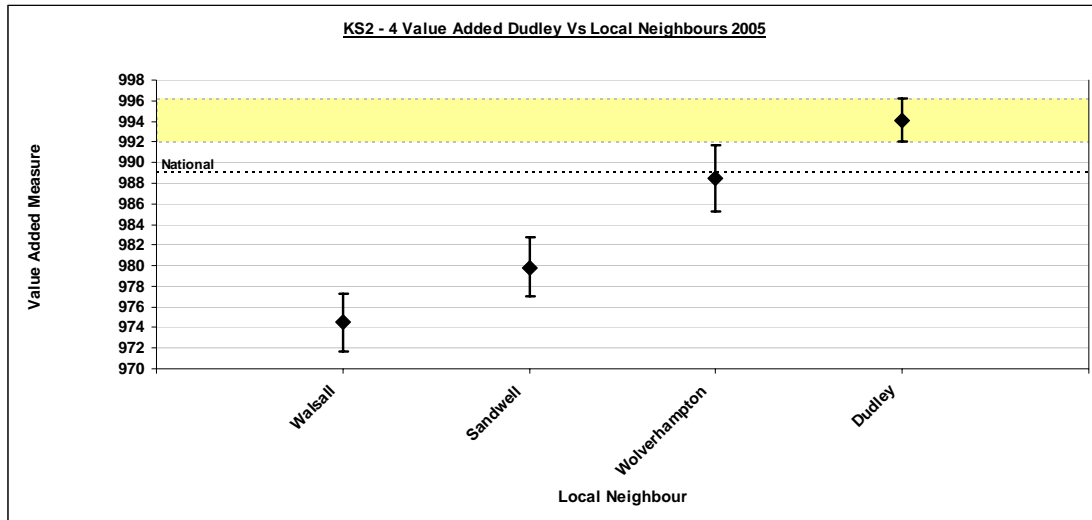

The Chart below shows Key Stage 2 to Key Stage 4 Value Added Measures for 2005 for Dudley and each of its statistical neighbours.

- Dudley is ranked 1<sup>st</sup> out of the 11 LEAs in the statistical neighbours comparison for Key Stage 2 – 4 Value Added in 2005.
- Dudley's Key Stage 2 – 4 Value Added Measure is statistically better than all of its statistical neighbours apart from Enfield LEA and Havering LEA.
- Enfield LEA (ranked 2<sup>nd</sup>) and Havering LEA (ranked 3<sup>rd</sup>) have Key Stage 2 – 4 Value Added measures which are not statistically different from Dudley's.
- In 2005 Dudley's Key Stage 2 – 4 Value Added Measure was statistically above the National Measure.

## Key Stage 2 to Key Stage 4 Value Added 2005: Dudley compared to Local Neighbours

The Chart below shows Key Stage 2 to Key Stage 4 Value Added Measures for 2005 for Dudley and each of its local neighbours.

- Dudley is ranked 1<sup>st</sup> out of 4 Black Country LEAs for Key Stage 2 – 4 Value Added in 2005.
- Dudley's Key Stage 2 – 4 Value Added Measure 2005 was statistically better than that of all of its Black Country neighbours.

## Section 5

# Partnership Working Progress Report May 2006

This section is intended to give an overall picture of developments with the Council's partnership working.

### Partnership Evaluation Tool

This enables Council members and officers who are actively engaged in partnership working to assess the effectiveness of the Council's partnership working. The tool has now been used in respect of the following partnerships:

Partnership	Outcome	Improvement Plan
Brierley Hill Regeneration Partnership	Amber	Being implemented
Children & Young Peoples Partnership	Green	Being implemented
Dudley Community Partnership	Amber	Pending
Dudley Health & Wellbeing Partnership	Amber/Green	Being implemented
Dudley Learning Partnership	Amber/Green	Pending
Dudley Town Centre Forum	Amber	Pending
Regeneration & Economic Development Partnership	Amber/Green	Pending
Safe & Sound	Green	Being implemented
Strategic Housing & Environment Partnership	Amber/Green	Being implemented

Work continues with colleagues to ensure that all of our previously agreed most significant partnerships have been evaluated as soon as possible.

### Partnership Awareness and Training

The Partnership Strategy and Protocol has now been published, with hard copies being sent to all elected members, Dudley Community Partnership board members, and Directors and Assistant Directors within the council. This document has also been posted on the intranet along with the Partnership Evaluation Tool, for colleagues to refer to as and when required.

The overview training made available for elected members last autumn will be incorporated this year into induction training for newly elected members. Preparations for the inaugural one-day training course for officers are now well advanced and, based on the feedback from that day, the course will then be included in the corporate training programme.

We also have the opportunity through our insurers, Zurich Municipal, to undertake training (free of charge) on risk management in partnership working. This is being arranged for the late summer and will involve lead officers on partnerships that operate pooled budgeting arrangements.

### **Dudley Borough Challenge**

In the week commencing 13<sup>th</sup> March, Dudley Community Partnership, with support from council officers, took to the streets by means of a double-decker bus to let residents know about Dudley Borough Challenge and priorities that have been agreed by the Dudley Community Partnership for improving the quality of life for all residents living in the borough.

The bus went to the town centres of Dudley, Brierley Hill, Halesowen and Sedgley. On one day the bus was in Dudley College while a simultaneous event took place in the Crown Centre in Stourbridge. The events were a huge success and during the week we spoke to over 600 members of the public who told us what they thought about the priorities in Dudley Borough Challenge. People also told us what they were already doing to contribute towards the priorities and new things they could do to improve their quality of life. Nearly all of the feedback we received from residents was positive and supportive

### **Audit Commission**

Members of the Partnership Working and Consultation Group continue to work with colleagues to ensure that we are prepared for the return visit of the Audit Commission to complete the work that they started last December. Members will be informed of the outcomes of this inspection as and when further information is available.

# Section 6

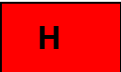

## Risk Management

The section provides an overview of current High Net and Monitored Risks across the Authority. There are currently 47 risks in these two categories, shown in the table on the following page.

Work is ongoing to ensure that these risks are explicitly linked to Council strategic objectives, in order that changes in their status that may impact on performance can be monitored and reviewed. Recent improvements to the Magique Risk Management system now allow us to:

- Specify links to Key Performance Indicators
- Specify links to Council Plan themes.

Net Risk Status is shown after mitigating actions have been applied:

	= High Risk Status
	= Medium Risk Status
	= Low Risk Status

# Strategic High Net Status Risks

as at April 2006

Directorate	Risk Owner	Risk	Net Risk Status	Key Indicators Where Appropriate	Magique Risk No.
Children's Services	John Freeman	Uncertainty about budget provision year on year	H		298
Children's Services	John Freeman	Failure to manage long term absences	H		725

## Strategic Monitored Risks

as at April 2006

Directorate	Risk Owner	Risk	Net Risk Status	Key Indicators Where Appropriate	Magique Risk No.
Children's Services	Pauline Sharratt	Risk of not getting other agencies to contribute their fair share towards the cost of placements and service provision (C&F)	L		301
Children's Services	John Freeman	Failure to ensure maximum profile of children's services with the Corporate Agenda	L		299
Children's Services	Pauline Sharratt	Cost of placements being higher than budgeted for (external) - (C&F, A)	L		288
Children's Services	Pauline Sharratt	Risk of not implementing Children Act 2004	L		221
Children's Services	Pauline Sharratt	Risk of injury or not safeguarding children in the community	L		1173

## **Section 7**

# **Directorate Reporting**

The section provides more detailed reporting on Directorate progress towards Council Plan and Directorate Strategic Plan objectives and exception reporting on Best Value and Local Performance Indicators.

In particular, Directorates are asked to report on any significant variation from anticipated progress, new pressures arising within the Directorate having implications for performance and to advise on proposed actions to be taken.

Directorates also report on any significant achievements of note during the period, such as any external accreditation, nomination for awards or positive publicity.

## Quarterly Directorate Issues Report

<b>Directorate: Children's Services</b>	<b>2005-06 Quarter 4</b>
---	--------------------------

**1. KEY ISSUES HAVING STRATEGIC IMPLICATIONS FOR THE DIRECTORATE AND/OR COUNCIL**

Issue	Comment
Ongoing strategic planning for the development of Children's Services Directorate	The new structure of the Directorate needs to be completed as rapidly as possible to avoid impacting upon staff morale, decision making relating to the deployment of resources [for example to support settings and schools], and partnership working.
Implementing the Ten Year Childcare Strategy	<p>The tasks are:</p> <ul style="list-style-type: none"> <li>• to establish a common vision;</li> <li>• to carry out a review of supply and demand;</li> <li>• to establish Children's Centres Phase 1 and Phase 2;</li> <li>• to implement the Children's Workforce Strategy in relation to the Early Years;</li> <li>• to develop the training and development programme to support development of integrated early years and childcare services;</li> <li>• to develop the capacity to respond to the impact of the New OFSTED Integrated Inspection Framework;</li> <li>• to review the role of the children's information service in relation to Children's Services changes and Dudley Council Plus.</li> </ul>
<p>Implications of the new Code of Practice for nursery education funding</p> <p>Requirements of the Regulations for Early Years and Children's Centres for 2008</p>	There are new requirements for strategic planning and resourcing to meet statutory obligations.
Qualified Teacher Status Support for Foundation Stage settings	This is required to ensure capacity to support and challenge settings effectively.

Issue	Comment
Area Special Educational Needs Co-ordinator support for Foundation Stage settings	This is required to ensure capacity to support settings effectively.
New OFSTED Inspection Framework for schools	The new inspection framework continues to challenge schools which require additional support to ensure their self-evaluation has been validated by the local authority.
<p>National Initiatives</p> <ul style="list-style-type: none"> <li>• Every Child Matters – Change for Children;</li> <li>• DfES Five Year Strategy;</li> <li>• 14-19 Action Plan;</li> <li>• Education and Inspection Bill;</li> <li>• DfES Capital Programmes.</li> </ul>	Change for Children – the Directorate was under considerable pressure during this 4 <sup>th</sup> Quarter to respond to the pressures and demands of the Joint Area Review.
DfES New Relationship with Schools	<ul style="list-style-type: none"> <li>• There will be a change in the way we communicate and work with schools;</li> <li>• The School improvement Partner programme will provide challenges to schools and the local authority. Work is needed to implement the secondary programme for September and to plan for primary, special and children centre SIPs.</li> </ul>
Primary and Secondary Schools Review	The implementation of the reviews of school provision presents challenges across the Directorate.
Restructure of Directorates and the position of Libraries and Archives within this.	<ul style="list-style-type: none"> <li>• Libraries and Archives moved to DACHS on Monday 21 April. Detail relating to support services and IT are still to be finalised. Support services currently received to continue as under DCS until further notice – with the intention that this part of the remodelling will be completed in June 2006;</li> <li>• The implementation of the Library Peer Review action plan has been delayed by a month due to remodelling issues.</li> </ul>

Issue	Comment
Increase in visits to the Archives Service despite closing an additional day each week to allow for cataloguing the back log.	The number of visits challenges the capacity of the current site and staffing structure.
Remodelling of the Directorate	The remodelling needs to be completed by 1 September.
Capacity to deliver/contribute to key strategic developments	<ul style="list-style-type: none"> <li>• Every Child Matters;</li> <li>• New Education Bill;</li> <li>• Council's commitment to internal service provision, for example DPC;</li> <li>• Keeping schools open;</li> <li>• Managing communications;</li> </ul> Potential compromise of service delivery due to bureaucracy.
Pressures for change External and Internal	<ul style="list-style-type: none"> <li>• Children's Services – particularly the quality and nature of our partnerships and external relationship – challenges;</li> <li>• Role of local authorities;</li> <li>• Building Schools for the Future;</li> <li>• Primary Capital Programme;</li> <li>• Centralisation of personnel – requirement to ensure service continuity;</li> <li>• Pay and grading review;</li> <li>• Compliance with Gershon efficiency measures;</li> <li>• Legislation regarding information i.e. Freedom of Information Act, Data Protection Act, business continuity, single status.</li> </ul>
Support for School ICT beyond 2009	DGfL Contract ends in 2009 – issues around continuity of provision and potential for a 'virtual academy'.
Health and Safety	Fire risk assessments and actions, site security, statutory testing, emergency response – still do not have a robust response mechanism, children's safeguarding, CRB checks.

## 2a. UPDATE ON PROGRESS OF THE DIRECTORATE STRATEGIC PLAN

Priority 1: Promoting effective learning			
Strategic Objective	Key Strategic Action	Measure/Indicator	Progress as at 31 March 2006

	<ul style="list-style-type: none"> <li>Implement Children's Centres Strategy Phases 1 &amp; 2</li> <li>Review of Code of Practice for nursery education funding</li> </ul>	<ul style="list-style-type: none"> <li>Percentage of non-maintained Foundation stage settings offering 38 weeks entitlement for all 3 and 4 year olds.</li> <li>Number of Children's Centres designated</li> </ul>	<ul style="list-style-type: none"> <li>Designations of phase 1 children's centres are proceeding, although there have been delays due to the building programme. We have two centres designated and one which meets requirements and for which we await designation. Two further centres will have building work completed in May and one in August. Designation for these is likely to be in September 2006. The designation process has changed since we set targets – with less involvement at Ministerial level.</li> <li>Currently the legislation has not come into force to offer 38 weeks entitlement to all 3 and 4 year olds. This target will be deferred until 2006/7.</li> </ul>

Accreditation to be able to offer testing not gained until April 2005 until then had to use Colleges who only offer classes where there are 12+students which is not feasible in many libraries. Project officer not in post until July 2005.
Bookstart	Project continues to be a success. A total of 2,390 treasure chest packs have been gifted to children between October 05 and April 06 and between April 05 and March 06 92% of babies in Dudley have been reached as part of the scheme. 700 0-4 year olds have registered for the book crawl and 105 certificates have been awarded.

### 3. PERFORMANCE INDICATORS

#### (a) Council Plan Key Performance Indicators

Performance Indicator	Commentary
BV 043a % statements of special educational need issued within 18 weeks (a) excluding those affected by exceptions to the rule under the SEN Code of Practice	The annual target has been exceeded and represents the efficiency of the SEN Team administration processes and EPS and other colleagues in returning advices to timescales. Improvement due to: <ul style="list-style-type: none"> <li>• New internal monitoring procedures</li> <li>• Introduction of EMS software</li> <li>• Increased staffing levels in school psychological service</li> </ul>
BV 043b % statements of special educational need issued within 18 weeks (b) including those affected by exceptions to the rule under the SEN Code of Practice	Work continues with colleagues in the PCT to ensure medicals are completed in a timely way and that health colleagues have sufficient time to complete and return reports for the statutory assessment process.
BV 044 Number of pupils permanently excluded during the year	This quarters figures show a slight upward movement but exclusions have reduced overall so far this year, due to the continued success of the Preventing Exclusions Strategy.

Performance Indicator	Commentary
BV 045 % of half days missed due to total (that is authorised and unauthorised) absences in secondary schools	<p>Secondary absence figures (7.49%) are on target to make the 2008 trajectory figure. Authorised absence was recoded as 5.97%, and unauthorised at 1.52%.</p> <p>Caution must be exercised in extrapolating termly data into annual absence data; length of terms, seasonal variants and other factors can all have significant impact.</p>
BV 046 % of half days missed due to total (that is authorised and unauthorised) absences in primary schools	<p>Absence figures for the Autumn term 2005 were broadly in line with the 2008 trajectory. Pupils were absent for a total of 174,779 sessions during the term.</p>
BV 047 % (number) of schools falling within OFSTEDs adverse category of Serious Weaknesses	<p>1 primary school in the category notice to improve. 1 special school remains in the category of serious weakness. HMI not to revisit school to have inspection during next 12 months.</p>
BV 048 % (number) of schools falling within OFSTEDs adverse category of Special Measures	<p>1 primary school currently in special measures.</p>
BV117 Number of physical visits per 1,000 population to public library premises.	<p>Figures beat targets due to increased activities, but are still below target required by Public Library Standards of 6,000 visits a year per 1,000 population. The remodelling of the library service is intended to develop capacity to improve these figures in the future.</p>
A&I 027 % Looked After Children having a current PEP	<p>There has been a significant improvement but there is still a way to go. Visits to individual district teams are being made and monthly updates being sent to team managers and social workers identifying out of date peps.</p>
DELL SE 001 Number of Children's Centres designated	<p>The target for the two-year period ending March 2006 was 6.</p> <p>4 have been designated and as a result of capital slippage, which is fully approved by Sure Start, the remaining two will be designated by September 06.</p> <p>The designation of two centres has been delayed due to capital slippage. This is fully approved by the Sure Start Unit. Both centres will be designated by September 2006.</p>

(b) Divisional Key Performance Indicators

Performance Indicator	Comment and Proposed Action
DELL CED 001	Significant overachievement due to effective performance management.
DELL CED 002	Significant achievement overall, particularly the Youth Service area changing the youth figure from 8% to 33.29% and Lifelong Learning through additional external funding received.
DELL CED 003	Target exceeded due to staff working differently, extra effort and additional work taken on by staff.
DELL CED 004	Percentage figure does not reflect the increase in the numbers achieving due to the increase in engagement overall.
DELL CED 006	8% over target showing consistent improvement.
DELL CED 007	73% Green RAG/traffic light rating. Plans and support identified to assist schools in moving from Level 3 status to new healthy school status. 100% of schools engaged. Significantly over achieved against national target.
DELL CED 008	38/40 - Target not achieved. Will be reviewing and addressing how to get numbers back.
DELL CED 009	Yearly target achieved.

**(c) Other Divisional Performance Indicators**

<b>Performance Indicator</b>	<b>Commentary</b>
LSM 005 – Participants in Library events	Figures increased considerably over same quarter last year due to increased activities in libraries including a 50% increase in class visits at Amblecote following relocation.
LSM 26 – Archive visits	Increase in use in March nearly double the target figure, despite closing an additional day a week. Increase due to advertising campaigns by the national media on family history.
R&P 004	The free school meal uptake has stabilised at around 68% at present, however, historically, we are approaching the season where meal up take will show a steady increase. Free Meal Uptake has seen a significant increase from February to March 2006, and is only 2.3% below the target of 76.1%.
R&P 005	Paid meal uptake has seen an increase during the month of December, this could be largely accountable to the Christmas Lunches, which often results in high uptake. March has seen an increase in meal numbers on February, however, due to circumstances beyond our control, we have fallen below target for the year. This matter is being addressed.
Ratio of full-time Area SENCOs to non-maintained foundation stage settings	Supplementary comment: Each setting should have access to a 5% share of an Area SENCO and currently only have access to a 1% share of an Area SENCO. The target is for a ratio of 1 full time Area SENCO to provide support to every 20 non-maintained Foundation Stage settings. This equates to 5%. The current number of settings is 90 and we have 1 full time SENCO. This equates to 1% and is significantly below target. Plans are in place to address this.
Percentage of filled vacancies for non LEA nominated Governors	Percentage of places filled for other than LEA governors are exceeding the targets.
Percentage of LA governors	Has risen consistently and now exceeds the target due to the LA policy and involvement of the One Stop Shop.

<b>Performance Indicator</b>	<b>Commentary</b>
Percentage (number) of schools categorised as Band 3 "Causing Concern" under the School Improvement Policy	13 primary schools currently Band 3 (1 added to support Leadership and Management).  2 secondary schools, 2 PRUs.
Percentage (number) of schools falling within OFSTEDs adverse category of Serious Weaknesses	1 primary school has entered the category notice to improve. 1 special school remains in the category of serious weakness. HMI not to revisit school to have inspection during next 12 months  From 1 September 2005 this category has been removed from the OFSTED Framework and has been replaced with a category called notice to improve.
Percentage (number) of schools falling within OFSTEDs adverse category of Special Measures	1 primary school currently in special measures and 1 sixth form removed from this category.

#### **4. SIGNIFICANT ACHIEVEMENTS/POINTS OF NOTE**
