Subject: RE: Dudley Borough Local Access Forum - Meeting 19th January, 2009.
Kim,

There has been no change since you last contacted me - no report on this application scheduled to go to a committee meeting in the immediate future.
If there are any changes between now and your next meeting I will let you know.
(Nb. there is also a DC Committee meeting on 16/3.)

Regards

Dave Holloway

Subject: Dudley Borough Local Access Forum - Meeting 19th January, 2009.

Dear David

Re: Plan Number: P08/096 - Land Adjacent to 107 Long Lane, Halesowen.

You may recall that I wrote to you on 15th October, 2008 advising that the Forum had requested the up to date information relating to the planning application for the above development, and you responded indicating that the scheme was still being assessed and a report would not go on it to a committee before the meeting of the Forum on 17th November, 2008.

As I have not heard further, I have again been requested by the Forum to write to you, and would be grateful if you could let me know the up to the date position in relation to this application. The next meeting of the Forum is on 16th March, 2009 and I would be grateful for a response prior to this.

Many thanks

Kim.
