

DUDLEY HEALTH AND WELLBEING BOARD

Agenda Item No.12

REPORT SUMMARY SHEET

DATE	<u>30th September 2014</u>
TITLE OF REPORT	<u>JSNA Synthesis 2014 Executive Summary</u>
Organisation and Author	<u>Office of Public Health, Dudley MBC</u>
Purpose of the report	To provide the Health and Well-being board with an overview of the JSNA synthesis 2014 document with actions needed
Key points to note	<p>There have been some key areas where improvements in health and well-being of the Dudley population have occurred since the 2012 JSNA synthesis. Of note are improvements in: life expectancy, childhood immunisation uptake, numbers of killed and seriously injured casualties, hospital admissions for unintentional and deliberate injury in the 0-24 age group, excess winter deaths, first time entrants to the youth justice system and re-offending rates, fruit and vegetable intake of school age children, users of adult social care feel safe and services have made them feel safer.</p> <p>The main areas of concern continue to be health inequalities particularly in life expectancy. Obesity, alcohol and substance misuse, smoking, breastfeeding, falls, infant mortality are all major contributors to the health inequalities gap. The levels of child and fuel poverty in the borough continue to be of concern as does the level of employment opportunities in the borough particularly for young people. The rate of sight loss certifications are increasing. The rate of delayed transfers of care from hospital has increased.</p>
Recommendations for the Board	That the board considers the ‘actions needed’ identified from the JSNA Synthesis 2014 for prioritisation for the Health and Well-being Board Strategy and commissioning plans.
Item type	<i>Needs assessment</i>
H&WB strategy priority area	<i>Services, children, mental wellbeing, lifestyles, neighbourhoods, integration, health inequalities, quality assurance, community engagement,</i>

DUDLEY HEALTH AND WELLBEING BOARD

DATE 3rd September 2014

REPORT OF: Office of Public Health, Dudley MBC, Director of Public Health

TITLE OF REPORT JSNA Synthesis 2014 Executive Summary

HEALTH AND WELLBEING STRATEGY PRIORITY

1. *The JSNA Executive Summary*

PURPOSE OF REPORT

2. *The main purpose of this report is to summarise the key findings from the 2014 JSNA Synthesis and identify actions needed to help inform future strategy and commissioning plans*

BACKGROUND

3. *The JSNA brings together, in a single, continuous iterative process, all the information on the health and wellbeing needs of Dudley's population. It examines current and predicted health and social care needs, as well as the other main things that affect people's life-chances, quality of life and health and wellbeing. By identifying the major issues that need to be addressed regarding people's health and wellbeing it provides the evidence base needed to develop Dudley's Joint Health and Well-being Strategy (JHWBS). This summary should provide commissioners with the high level initial evidence that will point to the further analysis required for them to make effective commissioning decisions.*

THE MAIN ITEM/S OF THE REPORT

4. *It is proposed that the board agree the JSNA Synthesis 2014, and consider the actions identified in the executive summary for prioritisation to inform future strategy and commissioning plans.*

FINANCE

5. *Any financial implications arising from the implementation of the JSNA would be met from within existing budgets between the agencies.*

LAW

6. *A statement of any legal requirements or implications*

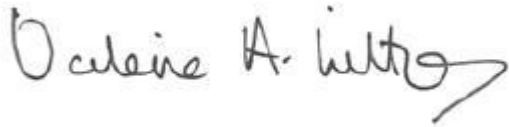

EQUALITY IMPACT

7. *The JSNA where the information was available has considered for different demographic groups. Future strategy development would include equality impact assessments.*

RECOMMENDATIONS

It is proposed that the board agree the JSNA Synthesis 2014, and consider the actions identified in the executive summary for prioritisation to inform future strategy and commissioning plans.
