## TCWC - Treating Children with CANCER

Welcome to TCWC website, here you can find out what we do and what services and information are available.

TCWC provides support to the children and their families who are suffering from cancer, a life threatening illness. TCWC relies almost entirely on voluntary donations and through the generosity of kind people, like you, we are able to help children in need.

“ We will enable the children, and families of children with cancer, to have the quality of life that we would hope to have ourselves ”

During the year 2004, there were 284,560 people diagnosed with cancer in the United Kingdom. There are more than 200 different types of cancer, but four of them breast, lung, large bowel (colorectal) and prostate account for over half of all new cases.
