Dear MRS Eliot

I'm writing to oppose the permits, which are for renewal at the Halesowen street market, for the Krivet Sausage company and the Samosa stall outside Dancers, and Hagley street, Wilkewons, I believe and so do many other shop owners, that they have breached their licenses, this has nothing to do with farmers market produce, they are taking shop owners custom, and are doing nothing for the town, here are a few people (traders) opposed to this stall. There are many more, if you would please come to ask the town traders, it is no good most people against them, and letting the few who are doing harm to the town, who are in the wrong always win, and saying they have a permit, The market from day one said they were not going to harm the shop owners, they were there to sell something different

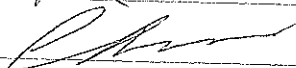

to write back, send to my home  
address
