

Central Dudley Area Committee – Capital Allocations Working Group

RESOLVED

- (1) That the £50,000 capital allocation to this Committee be divided between the five wards; ie, £10,000 per ward subject to there being no request between wards for a joint project.
- (2) That a further report on the criteria for accepting bids be submitted to the meeting of the Committee to be held on 3rd October 2000.

DELEGATED CAPITAL ALLOCATIONS

The Area Liaison Officer presented a report which outlined proposals for spending the delegated budget of £50,000; including the method of accepting and deciding upon applications as follows:-

Appendix 1 outlined the criteria and applications process for making capital applications to organisations within the community.

Appendix 2 outlined the decision making process for the award of any capital allocation.

Appendix 3 outlined the format of the application form and accompanying letter to be submitted.

Councillor Woodall queried if a standardised application form and criteria had been submitted to the other Area Committees. The Members were informed that each Committee had set up their own criteria.

RESOLVED

That the report submitted by the Area Liaison Officer outlining the proposals for allocation of the delegated capital budget be approved.
