Dear Ms Elliot

We wish to apply for a prohibition area at the top of our College drive which is in Stockwell Avenue to stop traders selling food and other items outside the College.

Following the incident on Monday 18 February 2008 whereby I contacted your department and explained that the College has spent a significant amount of money, time and effort in providing healthy food to our students and staff it came as a surprise that we had no legal rights to prevent this person from trading.

Discussions were held with our stakeholders and local residents and they agree for us to formally request that this area becomes prohibited. Can you please advice me on the next steps that we need to follow to have a successful conclusion.

Thank you in advance for your assistance and we look forward to hearing from you. If you require any further information please contact me on 01384 816225.

Yours faithfully

D Grove
