

**Dudley Place**  
 Connecting communities and coordinating care to help citizens live longer, safer, healthier lives for all  
 Our mission is for health and care in Dudley in the right place at the right time and to be in the community where possible; hospital when necessary

**Strategic Priorities**  
 Our vision will be delivered through a number of work programmes set out below, which are delivered at Place by 8 workstreams with detailed delivery plans. Our health and wellbeing priorities are addressed throughout our work programme, and as a developing anchor network we will undertake actions to support social and economic determinants of health and wellbeing.

**Health & Wellbeing Priorities**  
 • Improving school readiness  
 • Reducing circulatory disease deaths  
 • Improving breast cancer screening coverage  
 With a focus on those neighbourhoods with the greatest need

- Outcomes to be Achieved**
- For our Patients:**
- Care close to home with improved outcomes
  - Longer healthy life expectancy
  - Personalised care and improved patient experience
  - More say in their care through the coproduction of health and care in Dudley
  - Enhanced emotional resilience for our population, with a focus on children and young people
  - Improved physical health for our population with severe mental illness
- For Organisations:**
- Increase in people attending community services, reducing pressure on hospitals, primary care and social care
  - Timely discharge from hospital
  - New models of integrated and coordinated healthcare
  - Effective anchor network and partnership, providing leadership for change
  - Improved integrated pathways
- For our System:**
- Sustainable health and care system that includes a thriving voluntary and community sector with increased collaboration
  - Improved health and wellbeing for our population
  - Sustainable workforce reflective of the population we serve through the "I can" approach
  - A system engagement strategy that draws on the wealth of community insight and eases navigation
  - Increased utilisation of digital and technology innovations
