IN CONFIDENCE AND WITHOUT PREJUDICE

Dear Sir / Madam,

Dudley Council adopted its 2019/20 [Infrastructure Funding Statement 2019/20](#) in December 2020.

The Infrastructure Funding Statement (IFS) includes a list of the infrastructure projects or types of infrastructure that the authority intends to fund, either wholly or partly, by CIL, this is set out in Table 11 of the IFS [Infrastructure Funding Statement 2019/20](#).

The current list contains more than 175 projects. This includes a project(s) which your organisation previously submitted as part of the previous CIL Regulation 123 list. You have «Projects» listed as a previously submitted project.

The IFS is required to be updated on an annual basis. All projects that will be carried forward into the next IFS will undergo an assessment against the criteria in Table 10 of the IFS “**Criteria for Assessing Infrastructure Funding Statement Projects**”. Click here to open the IFS PDF - [Infrastructure Funding Statement 2019/20](#).

If your organisation submitted a project that was included on the List and still wish for the project to be considered in the next version of the IFS, we request that you complete and

attach the “**Infrastructure Project Submission Form**’ and return this to us by **Friday 13th August**. If we do not receive confirmation from you, your existing project(s) will be removed from the list.

In addition, if your organisation wishes to submit a new project(s) for consideration for the IFS, please complete an “**Infrastructure Project Submission Form**’ and return to us by **Friday 13th August**.

Please note that in order to be added to the Council’s IFS List, a project is required to satisfy all of the 6 criteria listed in the attached “**Criteria for Assessing Infrastructure Funding Statement Projects**” as set out in the IFS.

Please return completed forms by email to: Christian.Evans@dudley.gov.uk

Following the completion of the 2020/21 IFS, the available CIL monies will then be considered in Autumn 2021 for funding based on the allocation criteria set out within the IFS. You can view the CIL Funding Criteria that is used for assessing infrastructure project funding requests in Appendix Two of the IFS [Infrastructure Funding Statement 2019/20](#).

If you wish to submit multiple projects, please use a separate form for each project. All projects submitted will then be considered for inclusion within the IFS and all submitters will be notified of the outcomes of this process.
