IN CONFIDENCE AND WITHOUT PREJUDICE

Dear Sir / Madam,

Dudley Council adopted its 2019/20 [Infrastructure Funding Statement 2019/20](#) in December 2020.

The Infrastructure Funding Statement (IFS) includes a list of the infrastructure projects or types of infrastructure that the authority intends to fund, either wholly or partly, by CIL, this is set out in Table 11 of the IFS [Infrastructure Funding Statement 2019/20](#).

The current list contains more than 175 projects.

The IFS is required to be updated on an annual basis, as such the **Council now invites the submission of projects for consideration for inclusion in the next version of the IFS. Please see appendix one of the [Infrastructure Funding Statement 2019/20](#), for the form for the submission of any new projects.** All projects that will be carried forward into the next IFS will undergo an assessment against the criteria in Table 10 of the IFS document - **“Criteria for Assessing Infrastructure Funding Statement Projects”**.

Following the completion of the 2020/21 IFS, the available CIL monies will then be considered in Autumn 2021 for funding based on the allocation criteria set out within the

IFS. You can view the CIL Funding Criteria that is used for assessing infrastructure project funding requests in Appendix Two of the IFS [Infrastructure Funding Statement 2019/20](#).

If you would like to submit an infrastructure project please complete the 'Infrastructure Project Submission Form' (see appendix one) and email it to Christian.Evans@dudley.gov.uk by Friday 13th August. If you wish to submit multiple projects please use a separate form for each project. All projects submitted will then be considered for inclusion within the IFS and all submitters will be notified of the outcomes of this process.
