Further comments

Copy of powerpoint slides would be helpful. In future suggest a later time to get full picture and impact with lights lit etc.....BHRP Pack - it is accepted that it is constantly changing but the slides could be turned into a promotional prospectus and more importantly allay concerns and rumours....Would appreciate a follow up tour and presentation in approx 12 months to see progress.....Very well worth doing...Most enjoyable and informative. We will enjoy knowledge as project progresses.

Follow up

What needs to be done to follow up the presentation or tour?

Follow up trips to look at specific issues (1) training initiatives (2) housing future
